

REGISTRATION AND CLAIM FILING DEADLINES SEPTEMBER 11th VICTIM COMPENSATION FUND (“VCF”)

You must register with the VCF by the deadline that applies to your individual circumstances. By timely registering your claim with the VCF, you preserve your right to file a claim with the VCF in the future, but no later than December 18, 2020.

In general, claimants are considered to have been registered on time if their registration is submitted within two years of the date on which the claimant knew or reasonably should have known: (1) that the victim suffered a physical harm as a result of the terrorist-related aircraft crashes of September 11, 2001, or debris removal in the immediate aftermath, **and** (2) that the claimant was eligible to file a claim with the VCF. See Section 405(c)(3)(A)(i) of the Zadroga Act. This means that a claimant must know (or reasonably should know) both of the physical injury or condition and that there is a causal connection between the injury or condition and 9/11-related exposure. For personal injury claimants, the VCF will use the date on which a federal, state, or local government entity determined that a physical injury or condition was 9/11-related as the date on which a claimant reasonably should have known that he or she was eligible to file a claim. This includes, but is not limited to, a determination by the WTC Health Program, a state workers’ compensation board, or by a government employer such as the FDNY, NYPD, or NYCERS for purposes of awarding a disability pension. Please note that a determination of this sort, which is sufficient to establish that the claimant reasonably should have known that he or she was eligible to file a claim, is not necessarily sufficient to establish that a claimant suffers from an “eligible condition” or that the claimant has a disability that warrants an economic loss award.

Thus, for individuals who are being treated through the WTC Health Program, the starting date of the two-year registration period, i.e., the “Registration Start Date,” is based on the earlier of two dates: (1) the date of the letter from the WTC Health Program indicating that the individual’s 9/11-related physical injury or condition has been certified for treatment (the “WTC Health Program Certification Letter”), or (2) the date on which another government entity determined that the physical injury or condition was 9/11-related. In order to demonstrate that you have timely registered your VCF claim, you should submit your WTC Health Program Certification Letter and/or any government determination finding that your condition was 9/11-related. Note that a WTC Health Program “certification summary form” provided by one of the WTC Health Program-affiliated hospitals will not suffice to establish timely registration.

For individuals not being treated through the WTC Health Program, the Registration Start Date is the earlier of: (1) the date on which a government entity determined that the physical injury or condition was 9/11-related, or (2) the date on which the individual’s physical injury or condition is verified through the VCF’s Private Physician process.

For deceased claimants, a properly appointed Personal Representative may continue a personal injury claim already timely filed, or may register and file a new personal injury claim *seeking compensation for losses suffered prior to the victim’s death* if done within two years of the victim’s Registration Start Date. A Personal Representative may also file a deceased claim seeking compensation for losses suffered as a result of the death of the victim (if the death was as a result of an eligible 9/11-related physical injury or condition) if the victim had previously timely registered a personal injury claim or, if no prior personal injury registration was completed for that victim, within two years of the date of the victim’s death resulting from an eligible 9/11-related physical injury or condition.

A government determination of 9/11-relatedness as to any specific physical condition or injury triggers a new two-year registration period. Per VCF policy, if registration is timely for any condition or injury, all eligible conditions - no matter when determined to be 9/11-related (and regardless of whether there had been a prior timely registration) - may be considered for an award, subject to the other requirements of the VCF claims process.

Please note that the WTC Health Program and the VCF are different programs. The WTC Health Program provides medical monitoring and treatment for physical injuries and conditions resulting from 9/11 exposure. The VCF provides compensation for losses resulting from physical injuries and conditions related to 9/11 exposure. You must register for each of these programs separately. Enrollment in the WTC Health Program does not automatically register you with the VCF and if you are being treated by, or monitored through, the WTC Health Program, you are not automatically eligible for compensation from the VCF.

The chart on the next page summarizes the specific deadlines for registering a claim with the VCF. These deadlines are the dates by which registration must be submitted. Please note: December 18, 2020, is the deadline for all claims and supporting documents to be filed. For further information and illustrative scenarios, please see the “Registration and Other Deadlines” [Frequently Asked Questions](#) on the VCF website.

To register with the VCF you must do one of the following:

- Use the [online system](#) to submit your Registration Form.
- Call the VCF Helpline at 1-855-885-1555 to register by phone.

Victim's Condition	Registration Start Date: Earlier of Date of WTCHP Certification Letter, Verification, or other Government Determination that Physical Injury or Condition was 9/11-Related	Registration Deadline
Non-Cancer Conditions (including traumatic injury) ¹	On or before October 3, 2011	October 3, 2013
	On or after October 4, 2011	Two years after Registration Start Date but no later than December 18, 2020
Cancer (excluding Prostate Cancer and Rare Cancers)	On or before October 12, 2012	October 14, 2014
	On or after October 13, 2012	Two years after Registration Start Date, but no later than December 18, 2020
Prostate Cancer	On or before October 21, 2013	October 21, 2015
	On or after October 22, 2013	Two years after Registration Start Date, but no later than December 18, 2020
Rare Cancers added to WTC Health Program list on February 18, 2014	On or before February 18, 2014	February 18, 2016
	On or after February 19, 2014	Two years after Registration Start Date, but no later than December 18, 2020
New-Onset Chronic Obstructive Pulmonary Disease	On or before August 4, 2016	August 4, 2018
	On or after August 5, 2016	Two years after Registration Start Date, but no later than December 18, 2020
Victim is Deceased and Died of:	Date of Victim's Death	Registration Deadline <i>(if Victim had not previously filed a Timely Personal Injury Registration)</i>
Non-Cancer Conditions	On or before October 3, 2011	October 3, 2013
	On or after October 4, 2011	Two years after the date of death
Cancer (Excluding Rare Cancers and Prostate Cancer)	On or before October 12, 2012	October 14, 2014
	On or after October 13, 2012	Two years after the date of death
Prostate Cancer	On or before October 21, 2013	October 21, 2015
	On or after October 22, 2013	Two years after the date of death
Rare Cancers added to WTC Health Program list on February 18, 2014	On or before February 18, 2014	February 18, 2016
	On or after February 19, 2014	Two years after the date or death
New-Onset Chronic Obstructive Pulmonary Disease	On or before August 4, 2016	August 4, 2018
	On or after August 5, 2016	Two years after the date of death

These deadlines are the dates by which the registration must be submitted in the VCF's online system or the complete information provided by phone to the VCF Helpline. If the date falls on a Sunday or a Federal Government holiday, the registration must be submitted or postmarked by the next business day.

Individuals who have been diagnosed with a 9/11-related illness that is not currently on the list of eligible conditions should periodically check the WTC Health Program website at <http://www.cdc.gov/wtc/conditions.html> to see if the condition is added to the list. If the condition is added to the list of eligible conditions in the future, claimants must register the claim within two years after the date on which the condition was added to the list or the Registration Start Date (whichever is later), but no later than December 18, 2020.

¹ Although the WTCHP did not add acute traumatic injury to its list of WTC-Related Health Conditions until August 4, 2016, the VCF will continue to observe the October 3, 2013, registration deadline for this condition as the VCF has included traumatic injuries since the Fund was re-opened on October 3, 2011.
