

VCF Program Statistics
(Represents activity through the end of the day on June 30, 2015)

As of June 30, 2015, the VCF has made 12,712 eligibility decisions, finding 11,770 claimants eligible for compensation. Of the claimants eligible for compensation, 7,193 have submitted complete compensation claims and the VCF has made determinations on 5,636 of those claims. The total value of those compensation decisions is \$1,310,149,991.03.

ELIGIBILITY CLAIMS

To decide an eligibility claim, the VCF must receive three types of information: (1) evidence that the claimant was present at the World Trade Center, the Pentagon, or the Shanksville, Pennsylvania, site; (2) evidence that the claimant suffered from, or died as a result of, an illness or injury directly related to the 9/11 crashes; and (3) a signed authorization giving the VCF authority to collect information necessary to process the claim. While the VCF has received 19,721 Eligibility Forms, only 13,210 claims can be decided at this time.¹ Of these, 12,712 (96 percent) have been decided. The undecided claims are being reviewed to confirm that all statutory requirements have been met.

When required information is missing from a claim, the VCF will notify the claimant or his or her attorney that information is missing from the claim and provide guidance on obtaining and submitting the required information. Among the claimants who have submitted Eligibility Forms, 16,560 claimants (84 percent) are represented by attorneys.

Table 1 shows the status of Eligibility Forms received by the VCF and comparative data from one year ago, where available. Eligibility Forms for Deceased Individuals includes only those claimants who died of causes related to their 9/11 eligible condition.

¹ If a claimant provides evidence proving he or she definitively cannot meet any one of the statutory requirements, the claim is decided at that time regardless of whether or not the claimant has submitted information related to the other statutory requirements.

Table 2 provides information on the categories of conditions associated with the “Eligibility Claims That Can Be Decided.” The breakdowns are based on conditions certified or verified by the World Trade Center Health Program.

* This table does not include the 769 claims found not eligible where the claimant did not prove he or she suffered from any 9/11-related condition.

COMPENSATION CLAIMS

Once a claimant has been deemed eligible, the VCF begins review of the claimant’s Compensation Form to determine how much compensation the claimant is entitled to receive from the Fund. As of this report, 8,531 eligible claimants have submitted Compensation Forms. To decide a compensation claim, the VCF must receive a signed authorization giving the VCF authority to collect information necessary to process the claim and information supporting the claimant’s request for compensation. This information may include evidence of the claimant’s work capacity, compensation history, and relevant pension and other benefits. Of those claimants with approved eligibility, 7,193 claims have the information and documents necessary to begin review and 5,636 (78 percent) of these have been decided. The undecided claims are being reviewed to determine the appropriate amount of compensation.

When required information is missing from a claim, the VCF will notify the claimant or his or her attorney that information is missing from the claim and provide guidance on obtaining and submitting the required information.

An additional 2,539 individuals who have not yet been determined eligible have also submitted Compensation Forms. Those claimants’ forms will be reviewed after the claimant is deemed eligible.

Tables 3 and 4 show the status of Compensation Forms received by the VCF and comparative data from one year ago, where available. Statistics for Claims for Deceased Individuals includes only those claimants who died of causes related to their 9/11 eligible condition.

REGISTRATION INFORMATION

In order to allow potential claimants to meet the deadlines established in the Zadroga Act even if they are uncertain whether they will eventually file a claim, the VCF has allowed individuals an opportunity to “register” with the Fund, thereby preserving the right to file a claim any time before the VCF closes to submissions on October 3, 2016. Registration does not create an obligation or commitment to file a claim, and the Special Master expects that a large percentage of registrations will not result in claims being filed as they are either duplicates or were created by individuals who will eventually decide not to file a claim. In advance of certain deadlines, the VCF has also allowed individuals to file an “Interim Registration,” which serves the same purpose as a “Registration.” As of this report, 65,421 registrations have been filed with the VCF.
