Claim Review Timeline*

* This timeline applies only to claims that are submitted in good order, meaning they have the required documents the VCF needs in order to determine the claimant's eligibility and calculate the award. Claims that are made inactive or placed on hold because they were not submitted with the required documents take significantly longer to review and are not reflected in this timeline.

Initial Compensation Determinations	784	683	774	691	587	753	586	734	372	568	534	397
Amended Compensation Determinations	639	390	339	261	165	258	177	277	386	444	489	316

NOTE: This chart includes only those compensation determinations for which the claimant has been notified by the VCF in writing of the amount of their award. Once a claimant is notified, the determination is counted on this chart, but it is reflected in the month in which the award was finalized and deemed ready for final quality checks, not in the month in which the claimant was notified. The VCF process includes a series of quality checks that are completed before a claimant is notified. These quality checks may take several weeks or longer. This means that there are claims for which substantive review has been completed but they are not counted on this chart because the claimant has not yet been notified of the award. This also means that the monthly numbers shown here for prior months will change from one report to the next as claims completed in earlier months finish the quality check process and claimants are notified.
