

To be eligible for compensation from the September 11th Victim Compensation Fund (“VCF”), an individual must prove that he or she was present at an eligible location during the applicable timeframe. **This form is for individuals who are filing a claim with the VCF and want to provide additional details about their presence in one of the areas.** This form is optional – you are **not** required to submit this form as part of your claim. This form may be helpful, however, if you have additional information about your presence that is not already provided as part of your claim form responses or in your other supporting documents.

If you are not submitting this form for your own claim, but are instead submitting a statement in support of someone else’s claim, please do not use this form. You should instead complete and submit the “Witness Presence Statement” found on the VCF website.

You may not use this form to give answers in a language other than English. If you would like to answer the questions in a language other than English, you may have these questions translated in your preferred language, and you may write your answers in that language. If you do submit the form in another language, we need all of the following: (1) the written translation of the questions, with your answers; (2) a certified English translation of the questions and answers; and (3) a certification signed by the translator that includes: (a) a statement that the translator is competent to translate the document, and that the translation is true and accurate to the best of the translator’s abilities; (b) the translator’s address and phone number; and (c) the language being translated.

Please complete this form in its entirety, being sure to answer all of the questions. You may include additional pages if needed in order to answer the questions. Please be as detailed as possible about specific locations and activities. Submitting vague answers or referring to generic date ranges may cause a delay in processing your claim. Also, the location “Ground Zero” has many meanings for people, so try to be as specific as possible about your exact location(s).

The areas affected by the 9/11 attacks and the associated timeframes are explained in Question 1 of this form.
