Amended Compensation Determinations	394	388	220	375	106	228	288	160	174	301	361	70

NOTE: This chart includes only those compensation determinations for which the claimant has been notified by the VCF in writing of the amount of their award. Once a claimant is notified, the determination is counted on this chart, but it is reflected in the month in which the award was finalized and deemed ready for final quality checks, not in the month in which the claimant was notified. The VCF process includes a series of quality checks that are completed before a claimant is notified. These quality checks may take several weeks or longer. This means that there are claims for which substantive review has been completed but they are not counted on this chart because the claimant has not yet been notified of the award. This also means that the monthly numbers shown here for prior months will change from one report to the next as claims completed in earlier months finish the quality check process and claimants are notified.
